

# COMICBOOKS FOR KIDS!

ComicBooks for Kids! is a non for profit charity that provides comic books to kids in hospitals and cancer centers.

## HELP MAKE A DIFFERENCE!

Everybody has the ability to make a difference from donating through our Facebook page to community events.

Connect with us on social media, talk to your local comic shop, nominate your local hospital and become a part of this mission.

Together we can make sure that every child in a hospital can fly through the air, battle dragons, ride ponies and lose themselves in the magic of a comic book!
